**Important Legal Notice**

*Investing is an important decision. Read the Program Description in its entirety for more information and consider all investment objectives, risks, charges, and expenses before investing. Call 800.418.2551 for a copy of the Program Description or visit my529.org.*

*Investments in my529 are not insured or guaranteed by my529, the Utah State Board of Regents, the Utah Higher Education Assistance Authority or any other state or federal agency. Your investment could lose value. However, Federal Deposit Insurance Corporation (FDIC) insurance is provided for the FDIC-insured accounts. Please read the Program Description to learn about the FDIC-insured accounts.*

*The state in which you or your beneficiary pays taxes or lives may offer a 529 plan that provides state tax or other benefits, such as financial aid, scholarship funds, and protection from creditors, not otherwise available to you by investing in my529. You should consider such benefits, if any, before investing in my529.*

*my529 does not provide legal, financial, investment, or tax advice, and the information provided in this document does not contain legal, financial, investment, or tax advice and cannot be construed as such or relied upon for those purposes. You should consult your own tax or legal advisor to determine the effect of federal and state tax laws on your particular situation.*

The information above shows the returns for the following underlying investments and are net of the my529 Administrative Asset Fee. Returns on an account invested in the Customized Age-Based or Customized Static investment options will depend upon the underlying investment allocation chosen by the account owner/agent. In addition, individual account performance will vary based on the timing of the investments in the investment option, any cash flow in or out of the my529 account during the investment period, and on the balances in the my529 accounts.

### Important Information Regarding Investments in my529

The performance returns shown in the table above are based on a \$10,000 beginning account balance, assuming the money was invested on the first day and held until the last day of each period shown. These returns only reflect the performance returns of a hypothetical \$10,000 investment for a particular investment option over the stated period of time reflected in the table, not for individual accounts. Individual account performance will vary based on the timing of the initial and subsequent investments, withdrawals (if any), and the account balances.

The returns shown above (a) take into account the underlying investment performance for each period; (b) show applicable interest and dividends; and (c) are net of the Administrative Asset Fee charged by my529 during such periods. Beginning on January 1, 2010, and ending on September 30, 2014, the Administrative Maintenance Fee of up to \$15 annually was not reflected on the returns. The Administrative Mail Delivery Fee was included in the performance calculations until September 2014. The fee no longer applies to my529 accounts.

For age-based and static investment options, performance returns shown above assume that (a) prior to January 1, 2007, the investment options did not rebalance; (b) beginning January 1, 2007, and ending December 31, 2012, investment options rebalanced on January 1 of each year to match the target allocations for each investment option in effect at the time; and (c) beginning January 1, 2013, investment returns are based on the aggregate market value of the investment options, which reflect the actual investment rebalancing that takes place on the birthday of each beneficiary. For these reasons and the reasons stated above, the actual returns in an individual account will not match those shown in the tables.

The age brackets in the age-based investment options were changed on July 14, 2017. On that date, the number of age brackets was increased and the investment allocation for each age bracket was changed. The investment option performance shown in the table reflects the historical performance returns for the corresponding age bracket that existed before July 14, 2017. For more information, see the Program Description.

Past performance does not guarantee future results.

### Notes

1. Year-to-date calculations are based on a calendar year; January 1 to the current month-end date.
2. Average Annualized Returns for investment options with an inception date in the past 12 months are cumulative and non-annualized.
3. The inception date is the first date that (a) the investment option was offered and/or received a contribution, or (b) the underlying fund was offered as part of either the Customized Age-Based or Customized Static investment options.
4. The age brackets in the age-based investment options shown in the table were changed on July 14, 2017. Investment option performance before this date reflects the returns for the corresponding age bracket that existed prior to July 14, 2017.
5. Closed to new investments beginning on July 25, 2011.
